Dr Reich, Principal

Meeting was called to order at 12pm

Dr Reich gave an update on the state of the school, which was very positive. Students are performing extremely well. We anticipate maintaining capacity and the likelihood of students not in our district obtaining voluntary transfers to WTJ is slight.

APS Update- search is on for superintendent and contract for purchase of land for new high school is being finalized.

Council news: Nancy Okeson will be finishing her term and leaving the Council. Motion was made and passed to not hold an election to replace her since we have enough members already. Business?

/community representative Matt Meshad will also be rolling off the council. A new business/community representative will be appointed. Natalie Brown is moving, so a new teacher will be appointed to represent the Primary Campus.

Meeting was adjourned at 12:45.

Secretary
